

JULIEN DE SMEDT

JDS (KØBENHAVN)

JDS is a multidisiplinary office that focuses on architecture and design, from large scale planning to furnitures. The office is 30 people strong, has a wide portfolio of international work and the attitude of involving external consultants when required. In September this year, they won the international competition of new Holmennkollen Ski Jump. JDS is founded and directed by Julien de Smedt, co-founder of PLOT.
