# Norwegian Higher Education Programme – Supplementary Grant for Studies Abroad 2007-08

The Norwegian Higher Education Programme (NHEP) Supplementary Grant grant is available in addition to the ordinary tuition grant and loan (skolepengestøtte), maximum NOK 104 120, and other financial aid from the State Educational Loan Fund for studies abroad. For the academic year 2007-08 the maximum NHEP supplementary grant amounts to NOK 56 290.

It is a precondition for the NHEP supplementary grant that tuition fees exceed NOK 104 120.

## Example

If the tuition fee for a given institution is equivalent to NOK 200 000, the State Educational Loan Fund may fund NOK 104 120 in basic tuition fee support, and in addition NOK 56 290 as a NHEP supplementary grant. The remaining NOK 39 590 must be financed by the student.

## Institutions and programmes in the NHEP supplementary grant scheme

Only selected educational institutions are included in the scheme. On the **main list** are institutions in which all Bachelor's and graduate programmes are included. In addition, there is an **extended list** in which only selected degrees or programmes are included. For the Bachelor's degree in the USA, financial aid is available from the first year (freshman year) if the program of study is included in the NHEP grant scheme.
Please note that study abroad programmes as a part of a Bachelor's or Master's degree from Norway or other countries are included in the NHEP supplementary grant scheme.

Go to www.lanekassen.no/supplementarygrant for more information and updated lists.

## Who is eligible?

Students who meet the general requirements for financial support for degree studies and/or study abroad programmes and who are admitted to the universities on the main or extended list, are eligible for the NHEP supplementary grant. The NHEP supplementary grant is available for the normal length of time for the specific degree programme in question.

## Regulations

The regulations for the NHEP supplementary grant scheme are given by the Ministry of Education and Research and are revised every year. The number of institutions on the NHEP supplementary grant list, as well the amount of the grant itself, is therefore subject to change.

**Please note** that the NHEP supplementary grant is subject to revision in August 2007. Until that revision is completed no new institutions or programmes will be included in the scheme.
